Welcome To KiBord Animation

KiBord Animation Institute is a highly advanced and experienced training institute which offers animation, VFX, high-end 3D, Web Designing, Gaming, and other versatile multimedia courses in West Bengal. We have expertise in making a tons of successful Multimedia and Animation Experts from many years.

About Us

At KiBord Animation, we are committed to make you efficient and employable in the various fields of media & entertainment industry like animation, film making, VFX, gaming, graphics and many more. Our best teachers will help you to understand the subjects in deep. We provide step by step learning from basic to advance. We provides proper High-end set-up with modern tools. Students can improving themselves by projects at regular intervals. Many of our students are now working in multinational companies like Amazon, BYJU'S, Technicolor, Xentrix, Svf and many other popular companies.

I was always interested in VFX and its Magical Power of giving life to our imagination. So I went through numerous institutes. But all I found that most of them are teaching in old fashion and old topics. This is the new era of AI, where anybody can create some thing with just one click. So we have to learn how to think out of the box. And another important thing I noticed through the 11 years of my experience in this industry, all institutes charges a huge amount of money from the students, thats why many students who are really keen to enter in this industry, lost the dream at the beginning of their journey. For this reason I took this step to give the practical approach to the industry, extensive syllabus and high-end technology support at a affordable price in **KIBORD ANIMATION**. We also make a student job ready by introducing them to the movie projects and other industry works in our personal production house **VINTAGE COLOR**. Our goal is to help our students to learn VFX, 2D and 3D animation, film making from inside out and get valuable hands of experience.

- Sourav Saha

BACHELOR'S DEGREE IN ANIMATION AND MULTIMEDIA (B.VOC)

DURATION : 3 YEARS (DIVIDED IN 6 SEMESTERS)
